The image shows a login interface for uSpeak. On the left, a white form contains the uSpeak logo at the top. Below it, there are two input fields: "Registered Email Id" with the text "sahil.malik@myjen.ai" and "Password" with masked characters ".....". A blue "Login" button is positioned below the password field. A link "Forgot password?" is located to the left of the button. At the bottom of the form, it says "Don't have an account? [Signup here.](#)". Two green arrows point from the left towards the email and password fields. On the right, a promotional image features a woman with curly hair and glasses, smiling, sitting at a desk with a smartphone on a tripod, a tablet, and a coffee cup, all against a teal background.

Next Step: Practice your assignment

Make some notes about what you want to say.

Then practice a few times before you record your video.

Next Step: Tips for Shooting your video

1. You should be in the centre of the frame
2. Should be only you and not a second person
3. Your entire body from head to toe should be visible in the picture frame
4. Keep the phone horizontal

Next Step: How to shoot a video and record

5. Make sure your hands and body do not go out of frame
6. Your face is completely visible throughout the video
7. Record a video of yourself. Have a friend, family member or colleague hold up your phone to record yourself
8. Speak for 1 minute to 3 minutes.

Next Step: Tips while shooting a video

9. Your video format should be mp4, mov or webm format and the aspect ratio is widescreen 16:9.
10. The maximum file size is 500 mb. Preferably, under 200 mb.
11. Check your camera resolution in camera settings and keep the video resolution at the lowest level possible 720 pixels. If you have an Android mobile, make sure the camera setting is 720 pixels for both the front and back camera.
